Company Overview

INFOPRO is an ISO 9001 certified and CMMI Level 5 appraised global banking and financial solution provider.

Established in 1987, **INFOPRO** embraces the latest technology and the world-class banking practices in the development of its flagship banking solutions - eICBA System. It provides the full spectrum of Conventional Banking, Islamic Banking and Electronic Banking solutions, and it is able to run on all open system platforms provided by all major vendors.

A certified business partner of IBM, Oracle and Microsoft, **INFOPRO** is committed to being in the forefront of technology in its continuing quest to deliver a state-of-the-art banking solutions to global financial institutions.

INFOPRO has invested more than RM300 million in the development of eICBA System over the past 32 years. **INFOPRO** has a very stable staff force with extensive banking and technical experience and are entrusted by 90 financial institution customers in 30 countries worldwide to grow and excel in their business.

INFOPRO strongly believes in keeping abreast with evolving business and banking trends to engage the customers better and provide value-added services and experience sharing. One of the key success factors of **INFOPRO** is its ability to adapt to different situations, be it from a business perspective or from a cultural perspective.

INFOPRO has maintained a 100% profitability track record since inception and have received numerous awards from Oracle, Microsoft, PIKOM, MITI, MDEC, ISO, CMMI Institute, etc. The success of eICBA System is attributed to our corporate philosophy of pursuing aggressive research & development and prompt delivery of proven system to our customers.

We invite capable professionals who strive for excellence and are passionate about banking & technology innovations to join us in our rapid international growth.
